

DRONEER

以智慧之眼 探无限可能

安全飞行，你我同行

1. 确保机体无损坏、电池无鼓包/漏液、设备连接正常、图传稳定。
2. 选择开阔场地，远离人群/高压线/信号塔，避免恶劣天气及镜面反射区域。
3. 先在模拟器练习，飞行时保持专注，遵守当地法规及禁飞区限制。
4. 勿过度充放电，远离高温/易燃物，损坏立即停用。
5. 禁飞敏感区域，禁止军事用途、侵犯隐私。
6. 仅限民用，遵守国内外出口法规，违规责任自负。

DRONEER

EXPLORING AN INTELLIGENT WORLD
TOGETHER WITH DRONEER

LET'S FLY SAFELY TOGETHER

Ensure the drone is intact, the battery shows no swelling/leakage, and VTX is stable.

Fly in open space, away from crowds/high voltage lines/signal towers. Avoid harsh weather & mirror-reflective surfaces.

Practice on simulators first. Maintain focus during flight. Obey local regulations & no-fly zone restrictions.

Avoid overcharging/discharging. Keep away from heat/flammables. Discontinue use if battery damaged.

Do not use it for military purposes & privacy violations.

Please comply with local export laws. Users shall bear the liability for any violations.

▲ Note: Non-compliant operations may cause accidents or legal consequences. Use safely. Users are liable for their flight actions. They shall bear all consequences from improper operation, safety-law violations, or unauthorized FPV modifications.
